

DevTeach, The Web Developers Conference

May 28th
to June 1st 2012

Vancouver

RubyTeach

MobileTeach

SQLTeach

DevTeach is your Web Developers conference. The main conference will offer 12 distinct tracks on **Software architect, Agile, Web Development, Mobile development and Database development** with 84 sessions presented in 3 days. Plus there will be 4 Pre-Conference workshops and 3 Post-Conference workshops. This event will take place at the Vancouver Hilton MetroTown. Again this year the best experts in the industry will be sharing their knowledge and best practices with you. Register early!

The Information Technologies industry is constantly evolving with new technologies and new ways of creating systems and applications. The only way developers can stay up-to-date is by attending a conference where the knowledge acquired on the fields is transmitted in hand-on sessions.
